

Update: 1st October 2017

### **Life Global UK School – Foundation Stone Laying Ceremony, Patanvav Village, Doraji, Gujarat**

What event could express a greater aspiration than laying the foundation of a school that hopes to inspire its students to explore horizons beyond their own, develop their mental resilience and discover the bonds of mutuality that cut across differences of culture, ethnicity, religion or background?

The Trustees and Global Ambassadors are therefore very happy to announce, and proud to invite you, to the foundation stone laying ceremony on 29th October 2017.

You have been staunch supporters of the cause and of the spirit behind the concept. Your presence will be a source of great happiness to everyone associated with the Life Global UK and what they aspire to achieve in the service of society.

We take this opportunity to acknowledge your vital support and consistent encouragement with our Social Investment.

#### **Patanvav Village Background**

Patanvav is a large village 23km away from Dhoraji Town and 115km from Rajkot. The village has a total 1226 families residing and a population of approximately 6000 people. As per constitution of India and Panchyat Raaj Act, Patanvav village is administrated by Sarpanch (Head of Village) who is elected representative of the village.

#### **Proposed School**

History's great truths are that a society is only able to advance to newer horizons of greater promise when it overcomes insularity, and recognises strength in difference. Despite, therefore, the tensions and conflicts which riddle our planet, the effective world of the future is one of pluralism and relief of poverty, a world that comprehends, accepts and builds on diversity. The Life Global UK School, Dhoraji, like its counterparts elsewhere, will seek to demonstrate the instrumental role that education can and must play in building strong civil societies across the developing world. It is institutions such as the one whose foundations we are planning to lay that will be a driving force for progress and betterment around the world.

The education that the School will offer will make the case for a 'relief of poverty' worldview. It is one which values differences of outlook, ethnicity, caste and religion and culture, in the interest of justice and fairness, but also because a temperament receptive to pluralism helps creativity, curiosity and

inquiry, to thrive in sharing the best of human knowledge and talent from whatever individual, or group, it originates.

The Life Global UK school will have 10 classrooms, playground, dining facilities, separate washroom facilities and a boundary wall. It is anticipated that more than 125 children will attend school on day one.

### **Proposed model of Life Global UK Primary School, Patanvav Vilage, Dhoraji, Rajkot**

A thousand years ago, our forefathers, created the Gurukul system of education and the advanced learning via Takshashila and Nalanda, institutions for knowledge, they viewed the discovery of knowledge as a way to understand, so as to serve better God's creation, to apply knowledge and reason to build society and shape human aspirations.

The first Life Global UK School is, therefore a start to a continuing articulation of this vision, a statement of great hope in the power of good education, and an investment in the development of the best minds who will enable future generations to take charge of their own destinies and be relieved of poverty.

A further update will follow in due course with respect to the name plate wording for our donors. Once again thank you for your social investment in Life Global UK.

If you are able to attend the foundation laying ceremony please contact:
